WHY RISK BASED AUDITING?

The mission of Internal Audit is to enhance and protect organisational value by providing risk based and objective assurance, advice and insights. The core principles for the professional practice of Internal Auditing demands that Internal auditors provide risk-based assurance. To add, relevant standards state the need for risk based competencies;

- Standard 1110 states that the CAE must report to the Board and seeks approval for his risk based internal audit plan
- Standard 2120 states that the Internal audit activity must evaluate the effectiveness and contribute to the improvement of risk management process.
- Standard 2130 states that the Internal audit activity must evaluate the adequacy and effectiveness of controls in responding to risks within the organisation's governance, operations and information systems.
- Standard 2200 states that in planning the audit engagement, Internal auditors must consider all significant risks to the business objectives, resources and operations.
- This Risk Based - tools and techniques driven interactive workshop, is valuable for Internal Auditors and the monitoring functions (2nd Line of Defence) such as the Risk management unit, to do it right the first time and every time, when it comes to risk based auditing.
