TOOLS FOR LEAD AUDITORS

(DEVELOPED BY GLOBAL IIA)

PROGRAM OVERVIEW

Leading an internal audit project requires knowing and fully understanding the audit process and possessing the ability to guide an engagement team in performing the fundamental responsibilities of internal auditing.

This course provides an overview of the life cycle of leading an audit engagement, including planning, examining the internal control environment and organizational governance, obtaining and presenting audit evidence, wrapping-up the audit engagement, and measuring the effectiveness and efficiency of the audit engagement.

This instructor-led course includes interactive group activities and breakout sessions of real-life scenarios that teach the concepts, tools, and techniques needed for leading an internal audit team. Lead auditors that complete this course will walk away with proven internal audit practices that can be immediately applied to an organization of any size, and within any industry.
