IIAM **GLOBAL** SERIES Institute of Internal Auditors Malaysia

2025 TOOLS FOR NEW AUDITORS

(DEVELOPED BY GLOBAL IIA)

PROGRAM OVERVIEW

Learning and understanding the fundamentals of internal auditing is necessary step for the new internal auditor who wants to grow quicky within the profession. This course provides an overview of the life cycle of an audit engagement, including planning, examining the internal control environment and audit governance, obtaining, and presenting audit evidence, and successfully wrapping-up the engagement.

This course includes interactive group activities and breakout sessions of real-life scenarios that teach the essential concepts, tools and techniques of internal auditing. Internal auditors that complete this course will walk away with solid internal audit practices that can be immediately applied to an organization of any size, and within any industry.

This course is designed for the new internal auditor – with 1-3 years' experience, and who has a desire to boost their internal audit knowledge and skills, as well as their overall effectiveness within an organization.

COURSE OBJECTIVES

Upon completion you will be able to:

- Describe the components of the audit model.
- Identify the requirements of annual audit planning.
- Compare the roles and responsibilities for organizational governance.
- Identify the components of audit interviews.
- Describe best practices for conducting and documenting interviews.
- Identify the common forms used during process documentation.
- Identify risks and key controls during the risk assessment process.
- Apply the methods for obtaining and presenting audit evidence.
- Identify the best practices for selling audit results to stakeholders.
- Demonstrate the steps necessary to wrap up the audit after the report is issued.
- Conduct the follow-up and validation of resolutions to audit recommendations.
