COMMUNICATION SKILLS FOR AUDITORS: INTERVIEWING AND NEGOTIATING

(DEVELOPED BY GLOBAL IIA)

PROGRAM OVERVIEW

The importance of effective communication to business unit leaders, senior management, and the board, is a critical skill for individual internal auditors all the way to Chief Audit Executives (CAEs). Without strong interviewing and negotiating skills, internal audit cannot successfully carry out the internal audit engagement process, nor communicate its value to the stakeholders of the organization. Are you ready to develop and improve your communication skills for the engagement process and beyond?

This instructor-led course is complete with highly interactive individual and group activities, as well as role-play scenarios to provide internal auditors with opportunities to develop or sharpen their interviewing and negotiating skills. After completing this course, internal auditors will have a profound awareness of how to effectively interview and negotiate and be prepared to apply these skills in their organizations.
