1.		**The Speed of Risk: Lessons Learned on the Audit Trail, 2nd Edition** **By: Richard F. Chambers, CIA, QIAL, CGAP, CCSA, CRMA** **Format: Hardcover** **Year of Publication: 2019** **No of Pages: 256** ~~**Normal Price: RM175**~~ **Promotional Price: RM171** In this 2nd edition of Lessons Learned on the Audit Trail, author Richard Chambers shares fresh perspectives on the lessons in the first edition and imparts new lessons learned during the last few years. He has invested more than four decades serving the profession. His belief and motivation in writing this new edition is that if he can help just one internal auditor to be better prepared for the challenges and opportunities that lie ahead, then the effort will have been worth it. In the years since the first edition was published, Richard Chambers has shared numerous new lessons across various content media presentations, social media, and more than 200 blogs and articles. The speed of risk has been a recurring theme in the messages he has delivered to the profession since 2014, and it is a theme that is prominent in this updated edition. He offers fresh perspectives on key developments from recent years that have critical implications for the profession. His hope is that readers will find his journey worthwhile and learn how to harness their own personal passion for the internal audit profession. The author addresses topics of concern to the profession today, including: The rising expectations of internal audit's stakeholders The imperative to audit at the speed of risk How internal audit must leverage innovation in the face of disruption Internal audit s role in auditing culture, artificial intelligence, and new technologies The idea that internal auditors can audit anything but not everything The skills future trailblazers will need in internal audit	**Bundle Price: RM 635** **Original Price: RM 675**

2.		**Agile Auditing: Transforming the Internal Audit Process** **By: Rick A. Wright Jr. CIA** **Format: Hardcover** **Year of Publication: 2019** **No of Pages: 148** ~~**Normal Price: RM500**~~ **Promotional Price: RM464** Agile IA is an innovative approach that uses Agile software development values, principles, and practices to transform how internal audit engagements are executed. This methodology enhances the internal audit value proposition by facilitating a more agile approach to addressing organizational risk dynamics. Agile IA includes process improvements, team-based iterative planning, sprints (time-boxed work increments), daily stand-up meetings, project collaboration with stakeholders, and iterative releases of work products. Common features of Agile IA: Focus on value for the organization (rather than audit objectives) Enhanced client collaboration (part of project team) Iterative planning, execution, and reporting Time-boxed discipline (fixed work cycles) Self-organizing audit teams Timely audit insights and risk responses (real-time feedback) Fewer disagreements about audit outcomes between audit team and audit client Documentation rationalization (simplification of workpapers).
