

VIRTUAL TRAINING

WEB3 - Effective Internal Audit Function *(Based on thematic study by Bursa Malaysia & IIA Malaysia)*

25 January 2021

OVERVIEW

In 2019, Bursa Malaysia Securities Berhad conducted a thematic study in collaboration with The Institute of Internal Auditors, focusing on the roles of the Internal Audit function and the work carried out to provide the requisite assurance to the Board Audit Committee and, by extension, to the Board of Directors of listed issuers.

The evaluation criteria deployed in assessing the state of internal audit function and the scope of work undertaken based on 40 samples of listed issuers' internal audit function comprised the following:

1. Adoption of a recognized IA framework;
2. Independence and objectivity;
3. Planning the audit;
4. Effectiveness of IA function;
5. Resource management;
6. Communicating audit results; and
7. Monitoring progress.

The areas of concern from the study indicated that criteria 1, 3, 4, 6 and 7 required significant improvements to beef up the IA function in providing the requisite assurance to those charged with governance, in this case, the Board Audit Committee, concerning the adequacy and operating effectiveness of a listed issuer's governance, risk management and control processes.

OBJECTIVE

This half-day session reeks to deep-dive into the potential root causes on the above failings and find common grounds for practical remedial measures that may be implemented to raise the bar of IA.

COVERAGE

The course facilitator will discuss perspectives from the regulatory requirements of Bursa Malaysia Securities Berhad (i.e. Chapter 15 of the Main Market Listing Requirements and their associated Practice Notes, Statement on Risk Management and Internal Control – Guidelines for Directors of listed issuers and The Corporate Governance Guide 3rd Edition – Moving from Aspiration to Actualisation) and Securities Commission Malaysia (The Malaysian Code on Corporate Governance and Guidelines on conduct of Directors of listed corporations and their subsidiaries).

The session will also touch base on the need for an active dialogue between the Board Audit Committee and Head of IA function in the absence of Management.

This session also allows space for Heads of IA to raise their concerns on how the IA function may move beyond the assurance function to tackle the consulting or advisory element that it aspires to deliver.
