

PRACTICAL RISK BASED TOOLS & TECHNIQUES FOR AUDITING OIL PALM OPERATIONS INCLUDING RED FLAGS AND FRAUD DETECTION

CLASSROOM
(in Virtual
Format)

OVERVIEW

Surveys and feedback from Internal Auditors in the Plantation sector revealed the need for help to step up confidence and competence in conducting effective internal audit engagements. Common challenges faced by Plantation auditors in their engagements were;

- Weak business process knowledge in the plantation and milling operations
- Unable to challenge line management responses to audit findings. Often accepting the feedback/ responses at face value.
- Not able to probe deeper to establish the truth due to lack of business process knowledge and experience in raising relevant questions.
- Poor/ weak experience in questioning skills.
- Weak scoping and planning activities due to poor data analytics in Plantation operations
- Rushed Fieldwork caused by poor planning and remote Plantation sites.
- Unable to determine correct root causes.
- Audit findings poorly raised and communicated.
- Irrelevant audit recommendations that are often not implemented
- Recurring audit findings causing concern to Senior Management and Audit committee
- Process owners at HQ levels are not involved/ consulted for inputs into findings raised in their subject matter areas.
- Poor knowledge and experience in addressing Red flags in plantation operations.
- Difficult to detect and address fraud in Plantation operations.
- Difficult to address waste/ inefficiencies/ abuses by line management.
- Lack of shared learning within audit teams although there were subject matter experts/ experienced auditors within.
- Weak/absent coaching by audit leaders to develop auditor competence and confidence.

WHAT CAN YOU TAKE AWAY BY PARTICIPATING IN THIS WORKSHOP?

- Shared learning to acquire Plantation business process knowledge and challenges faced in auditing them.
- Implement acquired knowledge and tools (templates) from this highly interactive workshop.

ABOUT THE TRAINER

GURBAKHISH SINGH
ARL® COACH, FCMA, CIA

Gurbakhish is distinguished by his passion for Internal Auditing and Action Reflection Learning. A Management Accountant and Certified Internal auditor with background in multiple industries, company sizes and subject matter. He has proven track record of success with both large and small Internal Audit teams focused on driving innovation, transforming operations, improving customer experience and return on investment. Proven ability to build and lead teams during periods of change and drive organizational efficiencies through unique action reflection learning (ARL®) and Quality Education System (QES) methodologies.

He has over 47 years of value adding experience across a broad range of industries. Served 29 years in internal audit, 6 years in Finance & Admin and 12 years in Operations. Plus, leading IIA Inc's QAR and SAIV projects for several clients.

He served in various leadership roles in the areas of Business Risk Management, Corporate Governance, Fraud mitigation, Internal Audit, Finance & Accounting, Administration, Sales Operations, Learning & Development, Total Quality Management. In most appointments, besides his professional responsibilities, he contributed by developing and conducting several in house subject matter-based training programs at the request of his employers.

He worked with local companies (Perwira Habib Bank and Island & Peninsular Group) multinationals (Dunlop Estates Group and Inchcape Group) and IT global giant Hewlett Packard Australia.

Firm believer that the best way to build a strong Internal Audit function is to build the Auditors and Audit deliverables simultaneously in order to value add and improve businesses they work for.
