

The Institute of
Internal Auditors
Malaysia

2023/KL08 PERFORMING AN EFFECTIVE QUALITY ASSESSMENT

(DEVELOPED BY GLOBAL IIA)

OVERVIEW

As an organization grows and its internal processes change and evolve, its quality monitoring process must keep pace. To ensure consistent quality in this dynamic environment, an ongoing commitment to growth and improvement is essential.

The required elements of a Quality Assurance and Improvement Program (QAIP) include periodic internal assessments and external assessments to demonstrate conformance with The IIA's International Standards for the Professional Practice of Internal Auditing. In addition, a quality QAIP can provide evidence to the audit committee and management that the internal audit activity is efficient, effective, and adding value. It can also build stakeholder confidence and document a commitment to quality, leading practices, and the internal auditors' mindset for professionalism.

This course will provide you with the appropriate knowledge and skills to plan, perform, and evaluate the results of an external quality assessment case study. You will also learn about the processes and tools in the IIA Quality Assessment Manual (QA Manual) that can help you identify opportunities to improve your internal audit quality activities.

OBJECTIVES

- Examine the process flow and tools in the updated QA Manual and explore how these can be used to evaluate conformance with the Standards and identify opportunities for continuous improvement.
- Practice using the QA Manual tools to plan, perform, and evaluate the results of an external quality assessment case study.
- Discuss how to use the QA Manual tools in a periodic self-assessment.
- Evaluate the external quality assessment options and determine which option will work best for your internal audit activity.

OUTLINE

Quality Manual and Process Overview

- The International Professional Practices Framework (IPPF)
- The QAIP Framework
- Overview of the Quality Assessment Manual (QA Manual) and its process flow and tools
- Types of internal audit quality assessments

Planning the Quality Assessment

- Quality assessment scope, objectives, and planning tools
- Key features of planning guides
- Case study – Successful practices, opportunities for improvement, and planning the work
- Key features of surveys
- Case study survey results

Performing the Quality Assessment

- Key features of interview guides (key practices and lessons learned)
- Case study interview results
- Key features of QA programs and supporting tools
- Case study quality assessment program results

Evaluating Quality Assessment Results

- Active QA Manual evaluation summary tools and assessment criteria
- Applying assessment criteria on common QA scenarios (that require a high level of professional judgment)
- Evaluating case study results, using the assessment criteria
- Key features of the QA Manual reporting tools
- Value-added solutions for the most significant case study opportunities for improvement

Periodic Self-Assessment Application

- Implications of the relevant IPPF guidance
- Applying the IPPF Implementation Guides and QA Manual to common periodic self-assessment scenarios

External Quality Assessment Options

- Implications of the relevant IPPF guidance
- External QA options, and the related pros, cons, and other considerations
- Applying the IPPF Implementation Guides and your business acumen to common external quality assessment scenarios
- How to prepare for an external quality assessment

ABOUT THE TRAINER

SIVAMALAR THURAISSINGAM

BA Accounting and Finance (UK), CIA (USA), CCSA (USA), CRMA (USA), CMIIA

Sivamalar was previously the Senior Technical Manager of IIA Malaysia. Her main responsibilities were to perform QARs and to oversee the research and other technical projects conducted by IIA Malaysia.

She has performed over 60 QAs in Malaysia, Sri Lanka and Bangladesh. The portfolio of QA clients includes internal audit functions in the oil and gas industry, manufacturing, also conducted training / talks on QA and the IPPF (Standards).

She has been in internal auditing for more than 15 years. She started out as an internal audit Executive in a local financial institution. After 5 years in the banking sector, she wanted exposure in other industries and joined a firm which provides internal audit outsourcing services. She was involved in leading audits, finalising reports and diversifying her portfolio into various industries.

Sivamalar has successfully completed the IIA Inc. "Internal Assessor/ Validator Accreditation Course" and the related examination necessary to achieve Accreditation in Internal Quality Assessment/ Validation. She is a Certified Internal Auditor (CIA), holds a Certification in Control Self-Assessment, Certification in Risk Management Assurance and is a member of IIA Malaysia.
